

A horizontal beam of total length 2m is shown. It has a central gap of 0.5m. The beam is divided into three segments: a solid black segment of 0.75m on the left, a white gap of 0.5m in the center, and a solid black segment of 0.75m on the right. The segments are labeled 0m, 0.5m, 1m, and 2m along the bottom.
